Special Weekly Season Report of the State for the Week
Ending Saturday the 12th July 1924.

Number of villages newly affected.-- There is a perceptible decrease in the number of affected villages in the Kolar and Tumkur Districts. Out of 82 and 135 villages originally affected and in the Sira, / Pavagada Taluks, the conditions in 27 and 111 villages respectively are reported to have improved owing to the recent Mungar rainfall. The Deputy Commissioner, Kolar District, states that there is a decrease in the number of affected villages in all the taluks except Gudibanda, Goribidnur, Chintamani and Bagepalli. Normal conditions may be stated to have been restored in all the villages except 18 in Malur Taluk, while the number of affected villages in the Srinivasaapur Taluk is reduced by 22. It is reported that there are no affected villages in Bowringpet Taluk and that the area affected in Kolar Taluk cannot be defined as all the affected parts have received a fair supply of water and as people are also getting some labour and that there are no affected villages in the Taluks of Mulbagal, Sidlaghatta and Chikballapur. The number of affected villages in the Bangalore District remain the same as in the previous week, though the condition in ^{the} affected area of Devanahalli Taluk is reported to be improving.

2. Number of ~~per~~ villages inspected.-- The number of affected villages and of the works inspected during the week by the Amildars and Sheikdars were as follows:-

District.	Number of villages inspected by --		Number of villages not inspected for a month.	Number of works inspected by the Amildars.
	Amildars.	Sheikdars.		
Tumkur	47	211	Ø 443	7
Kolar	112	409	nil	20
Bangalore.	nil	5	nil	nil

The Deputy Commissioner, Tumkur District, reports that some of the Amildars could not inspect larger number of affected villages during the week as they had to attend to urgent office work at Head Quarters.

3. Rainfall and agricultural operations.- The rainfall recorded at several places in the affected parts of the State is contained in the appended statement and it is seen therefrom that the rainfall during the week has not been uniform in Kolar and Tumkur Districts. Rainfall is however reported all over Sidlaghatta Taluk and Gudibanda Sub Taluk, being 4.4 and 1.93 inches respectively. Rain is stated to be still wanted in Bowringpet and Bagepalli taluks and some more showers are urgently required especially in parts of Maddagiri and Pavagada Taluks. There were some showers in Hoskote and Devanahalli Taluks which greatly helped the sowing operations and the standing crops. The ryots are engaged in ploughing and manuring operations.

Sowing operations.- Paddy and ragi in parts of Kolar, Tumkur and Bangalore Districts; gidragi, same, sajje in parts of Kolar District; and avare and togari in parts of Tumkur District are being sown.

Condition of standing crops.- Paddy, sugarcane, ragi, avare, togari, castor and jola in parts of Tumkur District; jola, -- sugarcane, avare, groundnut, punaji paddy, potato and til in parts of Bangalore District, are reported to be in good condition.

4. Relief work and labour.- Details regarding the works in progress in the various districts are given in the following statement:-

Number of works started with estimated cost.									
District.	Tank maintenance.				Tank restoration.				v.I.
	No.	Estimate	Outlay during the week.	Total expenditure.	No.	Estimate	Outlay during the week.	Total expenditure.

16855	160	10495	Not furnished				292	-20	6973

- (a) An outlay of Rs.11,663 is stated to have been incurred on road works in the Tumkur District.
- (b) The number of well works in the Tumkur District decreased from 67 in the last week to 44 in the current week and this is stated to be due to some of the works having been transferred to the Drinking Water Well Fund.
- (c) The Deputy Commissioner, Tumkur District, reports that 202 persons were employed on works in Tumkur, Sira, and Koratagere. He has not furnished figures for the remaining affected Taluks.

The Deputy Commissioner, Tumkur District, states that the Executive Engineer has issued orders stopping all works and that he has however been requested to keep open the Maddagiri - Hindupur Road and some tank maintenance works to engage the cooly classes. In the Kolar District some of the works in progress during previous weeks have been stopped for want of coolies, as they are finding labour in the fields on agricultural operations. The Deputy Commissioner, Bangalore, reports that the cooly classes find sufficient labour locally, that the ryots are all engaged in agricultural operations, and that there is no necessity to -- start any works to give employment to the cooly classes for the present and that there are no works in progress during the week.

5. Prices of food stuffs. The price of ragi ranged from $6\frac{1}{4}$ to $7\frac{1}{2}$ seers per rupee in parts of Tumkur District, 7 to 8 seers per rupee in Kolar District and $6\frac{1}{2}$ to 9 seers per rupee in parts of Bangalore District; while that of rice, 2nd sort, ranged from 4 to $4\frac{3}{4}$ seers per rupee in parts of Tumkur District, 4 to $4\frac{1}{2}$ seers per rupee in parts of Kolar District and 4 to 5 seers per rupee in parts of Bangalore District. The markets in the affected Taluks are well supplied and food grains are available near works. The returns from the various Railway Stations show that there is no large export of food grains during the week to parts outside the State.

6. Fodder and Cattle.- The quantities of paddy straw and malnad hay sold during the week in the fodder depot at Goribidnur are 4 tons, 1,837 lbs. and 1,043 lbs. respectively. The sale of malnad hay in other depots is stated to be not brisk, as green

grass

grass is available in small quantities. In some villages of Srinivasapur Taluk cattle are reported to be dying for want of fodder. The Deputy Commissioner has been requested to submit a further report in the matter. The condition as regards fodder in Bangalore District is stated to be improving as green grass is just coming up owing to recent rainfall.

Cattle are generally healthy in the affected parts of the Districts.

7. Supply of drinking water for men and cattle.- Drinking water is available both for men and cattle in all the affected parts of the State. The Deputy Commissioner, Bangalore, reports that there is no water difficulty felt for the present anywhere and that several tanks in almost all the Taluks have received good supply of water.

8. L o a n s.- Details regarding Takavi and Land Improvement Loans are given below:-

District.	Amount of loan granted		Total.
	Up to the end of the w e e k.	During the week.	
	Rs.	Rs.	Rs.
Tumkur	3,05,755	nil	3,05,755
Kolar	1,93,956	nil	1,93,956
Bangalore	23,695	625	24,320

The Deputy Commissioner, Tumkur District says that the total allotment of Rs.3,06,755 granted to his District excepting a sum of Rs.1,000 has been spent by all the disbursing officers up to the end of June 1924.

Weavers are given loans through the Co-operative Societies in the Tumkur District and relief has been given to them in Malur and Mulbagal Taluks by way of granting loans.

9. Statement of crime and people wandering in search of labour.- There was no abnormal rise in crime in any part of the State during the week.

10. Gratuitous Relief.- On the whole 584 men in Tumkur District were given gratuitous relief amounting to Rs.845-14-11 during the year 1923-24. 28 persons were given gratuitous relief in the Kolar District during the week, the total expenditure up to date being Rs.808-5-8 under this head.

11. Public health.- Public health is generally good except for small pox in parts of Chikballapur, Mulbagal, Kunigal, Devanahalli, Hoskote and Kankanhalli Taluks; and Cholera in Kolar Town and parts of Kankanhalli and Anekal Taluks.

12. General.- The Deputy Commissioner, Kolar District, reports that the improvement in the general condition is maintained throughout the District, though rain is yet wanted in the Taluks of Gori-
bidnur, Bagepally, and Kolar. The Deputy Commissioner, Tumkur District, states that he has arranged to visit the affected parts of Maddagiri and Pavagada in the next week to study the conditions prevailing.

22-7-24

Special Weekly Season Report of the State for the
Week ending Saturday the 19th July 1924.

Number of villages newly affected.— The number of affected villages in Bangalore and Kolar Districts remained the same as in the previous week. In the Sira and Gubbi Taluks of the Tumkur District out of 163 and 192 villages affected up to the end of the previous week, the condition of 73 and 141 villages respectively has improved owing to recent rainfall, whereas in Pavagada Taluk one more village has been added on to the list.

2. Number of villages inspected.— The number of affected villages and of the works inspected during the week by the Amildars and Sheikdars were as follows:—

District.	Number of villages inspected by		Number of villages not inspected for a month.	Number of works inspected by the Amildars.
	Amildars.	Sheikdars.		
Tumkur	83	189	174	10
Kolar	142	440	3	51
Bangalore	nil	14	nil	5

The Deputy Commissioner, Tumkur District, states that as almost all the works have been stopped since, there are not many works now under progress.

3. Rainfall and agricultural operations.— The rainfall recorded at several places in the affected parts of the State is contained in the appended statement. The Deputy Commissioner, Tumkur District, states that very little rainfall was gauged at Pavagada Taluk and that more showers are urgently wanted there. The Deputy Commissioner, Kolar District, reports that there was general rainfall throughout the District but it was not as -- copious in some Taluks as in others and that a few tanks in the Nandi and Kasaba Hoblis of the Chikballapur Taluk have discharged. It is stated that incessant rainfall in this taluk has ~~been~~ caused some damage to the standing crops recently sown in the sandy -- tracts. The Deputy Commissioner, Bangalore District, states that there were good rains in all parts of the Doddaballapur Taluk and

and that sowing operations are going on, while in Devanahalli Taluk there was only soaking rain which has helped the sowing operations as well as the standing crops.

Sowing operations.- Paddy, ragi, avare and togari in parts of Tumkur District, ragi and paddy in parts of Hoskote, Kankanhalli and Bangalore Taluks are being sown. The Deputy Commissioner, Kolar District, states that the ryots are busy ploughing and manuring their lands and that the sowing operations are in progress in some of the Taluks, while in others sowing has been completed.

Condition of standing crops.- Sugarcane, ragi, paddy, -- avare, togari and jola in parts of Tumkur District; paddy, ragi, sugarcane, jola, potato and mulberry in parts of Hoskote, Devanahalli, Anekal, Bangalore and Kankanhalli Taluks are reported to be in good condition.

4. Relief works and labour.- Details regarding the works in progress in the various districts are given in the following statement:-

-	-	-	-	-	-	-	-	-	-

The Deputy Commissioner, Kolar District, states that some of the works

works have been stopped for want of coolies as they are finding labour in the fields on Agricultural Operations. The Deputy Commissioner, Bangalore District, states that Dadighattamadu Honda work is in progress on contract system in Doddballapur Taluk and that excepting this work no other work was in progress during the week, that cooly classes are reported to be finding sufficient labour locally and that the ryots are all busily engaged in agricultural operations and that there is no necessity to start any work to give employment to the cooly classes at present.

5. Prices of food stuffs.- The prices of ragi ranged from $6\frac{1}{4}$ to $7\frac{1}{2}$ seers per rupee in parts of Tumkur District, 7 to 8 seers per rupee in parts of Kolar District and $6\frac{1}{2}$ to 9 seers per rupee in parts of Bangalore District; while that of rice, 2nd sort, ranged from 4 to $4\frac{3}{4}$ seers per rupee in parts of Tumkur District, 4 to $4\frac{1}{2}$ seers per rupee in parts of Kolar District and 4 to 5 seers per rupee in parts of Bangalore District. The markets are well supplied and food grains are available near works. The returns from the various Railway Stations show that there is no large export of food grains during the week to parts outside the State.

6. Fodder and cattle.- In the fodder depot at Goribidnur 7 tons and 315 lbs. of paddy straw costing Rs.266-11-0 was sold during the week. The demand for malnad hay^{is} reported to be decreasing in all the depots excepting the one at Srinivasapur. The depot at Bagepalli is stated to have been closed as there was no demand for malnad hay owing to green grass being now available in limited quantities. The Deputy Commissioner states that there was some rise in the mortality of ordinary cattle in the villages of Srinivasapur Taluk and that the cattle that have lost vitality for want of fodder in the drought, have been found ~~to~~ unable to withstand the wind at present and drop down not to rise again. Cattle are generally healthy except in parts of Pavagada Taluk where foot and mouth disease is stated to be prevailing.

7. Supply of drinking water for men and cattle:-- On account of the recent rainfall, drinking water is available ~~water~~ for men

men and cattle in the affected parts.

8. Loans:-- Details regarding Takavi and Land Improvement Loans are given below:--

District.	Amount of loan granted.		Total.
	Up to the end of the week.	During the week.	
	Rs.	Rs.	Rs.
Tumkur.	3,05,755	195	3,05,950
Kolar.	1,93,956	1,120	1,95,066
Bangalore.	24,320	Nil.	24,320

The Weavers in Malur and Mulbagal Taluks are reported to have been granted loans. The Deputy Commissioner, Tumkur District, reports that the entire allotment of Rs.3,06,755 granted to his District up to the end 1923-24 excepting a sum of Rs.747-8-0 was spent by the end of June 1924. As the allotment granted for the current year has been recently distributed among the Taluks, information regarding the amount spent by them has not been received.

9. Statement if crime and people wandering in search of labour:--

There was no abnormal rise in crime in any part of the State during the week.

10. Gratuitous relief:-- 28 persons were given gratuitous relief in the Kolar District, the total expenditure up to date being ~~Rxxxi~~ Rs.816-4-8. In the Tumkur District, 593 persons were given gratuitous relief amounting to Rs.841-10-4 during 1923-24. The Deputy Commissioner, Tumkur District, reports that in one of the villages (Sombanahalli) of the Maddagiri Taluk visited by him during the week he saw 4 Panchama children who looked famished and quite naked and were eating tamarind seeds and that on ascertaining that their parents were also poor, that their father had left them some time ago in search of cooly, but had returned only once and could not give the family any help, he ordered the issue of $\frac{1}{4}$ th seer of ragi and got jackets to two of the children.

11. Public health:-- Public health is generally good except for relapsing fever in parts of Kortagere Sub Taluk, Small pox in parts of Bagepalli and Kankanhali Taluks, Influenza in parts of Chickballapur Taluk, Cholera in parts of Kankanhalli Taluk, and Kolar town and adjoining villages and Plague in parts of Goribidnur Taluk.

12. General:-- The Deputy Commissioner, Tumkur District, inspected during the week 18 tank works, 33 well works and 37 villages (of which 20 are interior) in the affected parts of the Maddagiri and Pavagada Taluks, where works were going on before. The new Hindupur - Maddagiri road was also inspected by him. He states that as a result of the stopping of this road work from 30th June 1924, about 200 to 300 coolies mostly Panchamas have been thrown out of employment and that he has wired to the Executive Engineer to restart the roadwork immediately. The Deputy Commissioner is of opinion that this road work as well as the two cart tracks ~~also~~ already sanctioned would be enough for the present as the ryots other than the landless classes are stated to be engaged now in agricultural pursuits. The Deputy Commissioner found that the condition, however, in the Pavagada Taluk was quite different and in consequence of scanty rainfall in that Taluk, the agricultural operations have not been undertaken on a large scale ~~that~~ the labour classes especially the Panchamas in the Taluk were in need of work, that these people were accustomed ^{to} well works, that a large number of them was still in an incomplete stage, and that if sufficient takavi loan was granted for well works, labour will be provided for these Panchamas. It is estimated that an allotment of Rs.39,000/- is needed for this -----
5,000 for payment of 2nd and 3rd instalments for well works.) Taluk,
Rs.9,000 for subsistence loans and for purchase of bullocks.)
Rs.25,000/- fresh Takkavi applications.) while

it has been given only Rs.3,000/- out of the current year's Budget grant. The Deputy Commissioner further states that he inspected certain villages of the Hoskote Hobli of the Pavagada Taluk, adjoining

has
been
in
mind
against
this
L

adjoining the British Taluk of Kalvandurg. He found that the rainfall was very poor in these villages as well as on the eastern side of the Pavagada Taluk, that the Mungar rain was ~~a~~ the disappointment in that Taluk, that large extent of lands are lying fallow and that in regard to those lands that have been sown, immediate rainfall was badly wanted.

K. L. S. S. S.

Revenue Commissioner.

Special Weekly Season Report of the State for the
Week Ending the 26th July 1924.

Number of villages newly affected.- There is no increase in the number of villages affected during the week. The Deputy Commissioner, Tumkur District, states that the conditions have, on account of the recent rains, improved in all the affected ~~Taluk~~ ~~villages~~ except Pavagada where the rainfall is stated to be somewhat scanty

2. Number of villages inspected.- The number of affected villages and of the works inspected during the week by the Amildars and Sheikdars were as follows:-

District.	Number of villages inspected by		Number of villages not inspected for a month.	Number of works inspected by the Amildars.
	Amildars.	Sheikdars.		
Tumkur	31	189	286	nil.
Kolar	189	455	3	39
Bangalore.	nil	11	-	5

The Tumkur Deputy Commissioner says that as almost all the works have been stopped since, there are not many works now under progress.

3. Rainfall and agricultural operations.- The rainfall recorded at several places in the affected parts of the State is contained in the appended statement. The rainfall in parts of Tumkur, and Kolar Districts during the week is not appreciable. It is reported that more rains are urgently wanted in the dry ~~taluk~~ of Maddagiri, Pavagada and Sira to assist the growth of the tender crops. Though there was no rainfall in any of the rain gauge stations in Srinivasapur Taluk, there were a few showers in the interior of Eldur and Kasaba Hoblis; and in two ~~in~~ other Hoblis of Sidlaghatta Taluk there was an aggregate rainfall of one inch during the week. Rainfall is reported all over Doddaballapur and Devanahalli Taluks.

Agricultural operations are stated to be going on in almost all parts of the Districts. The people in Kunigal, Sira and Pavagada

Pavagada Taluks are engaged in sowing operations. In several Taluks of Kolar District sowing is completed while in others sowing operations are still in progress.

Sowing operations.- Ragi and paddy are being sown in parts of Hoskote, Devanahalli, Bangalore, Channapatna, and Closepet (Sub) Taluks.

Condition of standing crops.- The standing crops of rari paddy, sugarcane, til, etc., in parts of Bangalore District are reported to be in good condition.

4. Relief works and labour.- Details regarding the works in progress in the various districts are given in the following -- statement:

Number of works started with estimated cost.									
District.	Tank maintenance.				Tank restoration.				V.I.
	No.	Estimate	Outlay during the week.	Total expenditure.	No.	Estimate	Outlay during the week.	Total expenditure.	No.

Bangalore	4	2242	-	-	1	-	-	-	29

Continued.

village Improvement.						Temporary Wells.		No. of persons employed during the week.	Increase or decrease over previous week.	No. of persons requiring work.
Estimate	Outlay during the week.	Total expenditure.	No.	Estimate	Outlay during the week.	Total expenditure.				
Rs	Rs	Rs		Rs	Rs	Rs				Rs
6503	-	2356	44	1985	-	888	Not furnished.	-	-	36958
16880	25	10520	794	32992	417	21570	216	-52	-	6774
-	-	-	-	-	-	-	-	-	-	-

* The majority of these persons in the Tumkur District are stated to have enough of work in the fields as well as on the roads where consolidation work is stated to be going on.

The Deputy Commissioner, Tumkur, states that work has to be provided for men in Gubbi, Maddagiri and Pavagada Taluks and that arrangements have

have been made to start ~~the~~ three new road works together with the ~~resuming~~ re-starting of the Maddagiri - Hindupur Road in the affected tracks and that some tank works have also been proposed to be taken up in Pavagada Taluk. Some of the works in the Kolar District are stated to have been stopped for want of coolies as they are finding labour in the fields. In Doddballapur Taluk of Bangalore District the only work that is stated to be in progress is the Doddagattamadu Honda work. The cooly classes have been finding sufficient labour locally, as the ryots are busily engaged in agricultural operations.

5. Prices of food stuffs.- The price of ragi ranged from 7 to 8 seers per rupee in Kolar District and $6\frac{1}{2}$ to $8\frac{1}{2}$ seers per rupee in Bangalore District; while the price of (paddy) (second sort) ranged from 4 to $4\frac{1}{2}$ seers per rupee in the Kolar District and 4 to 5 seers per rupee in the Bangalore District. The markets are well supplied in all the affected taluks and supply of all staple food grain is freely flowing into the markets. It is seen from the Railway returns that 325 maunds (136 bags) of sugar and 186 maunds (174 bags) of tamarind were exported during the week from Kolar station to parts outside the State.

6. Fodder and cattle.- The Deputy Commissioner, Tumkur District, reports that fodder difficulty is becoming less acute in the affected parts of the District. The quantity of paddy straw sold during the week in the fodder depot at Gori~~bid~~idnur is 6 tons 183 lbs. valued at Rs.227-1-3. There is no demand for malnad hay in any of the depots ^{in Kolar District} except at Srinivasapur where the stock is sold out and an indent for one more waggon of hay has been made. The condition of cattle in the Taluk is stated to be improving as pasture is available.

7. Supply of drinking water for men and cattle.- There is no difficulty for drinking water now in any part of the affected Districts.

8. L o a n s.- Details regarding Takavi and Land Improvement

Loans are given below:-

District.	Amount of loan granted		To t ^l a l.
	Up to the end of the week.	During the week.	
	Rs	Rs	Rs
Tumkur	3,05,755	13,240	3,18,995
Kolar	1,93,956	6,900	2,00,856
Bangalore	24,320	65	24,385

Loans are being given to weavers in Malur and Mulbagal Taluks.

9. Statement of crime and people wandering in search of labour.- There was no abnormal rise in crime in any part of the State during the week.

10. Gratuitous Relief.- 28 persons in Kolar District have been given gratuitous relief during the week, The total expenditure under this head being Rs.832/-.

11. Public health.- Public health is generally good except for small pox in parts of Kunigal, Kankanhalli and Bagepally -- Taluks; relapsing fever in parts of Koratagere (Sub) and Chikballapur Taluks; and cholera in Kolar town and a few villages of Kolar, Srinivaspur and Bowringpet Taluks.

12. General.- The Deputy Commissioner, Kolar District, states that the conditions are satisfactory throughout except in a few villages in Patapalya and Chelur Hoblis of Goribidnur Taluk, and that if there has been no rain ^{there} in the interior, one or two tank maintenance works may have to be started. It is further stated that there is an unwelcome break in the rains and it is hoped that with the cessation of excessive rainfall on the coast and the Ghats, the South West Monsoon will penetrate into the interior parts.

Revenue Commissioner. 28/7/24.
